				MYLAR 36"		2 - 3 weeks	N/A

- Helium Cylinders are the property of Balloons & Events Over Atlanta and we rent them to you so that you can purchase helium content
- Quarterly you will receive a bill that typically reflects a 3 month rental period
- Rental is charged as \$7.50 per month and per cylinder (example: if you have 2 tanks on your premises in the 3 month period the rental would be \$7.50 @ 6 months - 3 months for each tank)
- Rental is \$5.00 per month for inflators, if you intend to have helium service for more than a year we strongly encourage purchasing an inflator
- You may choose a paperless account and set up a credit card to be run each quarter, or you may wait for an invoice and pay by check. However, unpaid rental bills may result in Balloons & Events picking up our tank
